

## Donation Form

### Providing life changing appointments

**Equal Health has provided thousands of life changing appointments over the past ten years in various developing countries such as India, Indonesia, South Africa and Thailand.**

This is made possible by the hundreds of Australian health professional volunteers, who donate their time, skills and resources to participate in short-term international assignments in developing countries, together with generous contributions of donors from around the country.

However with large crowds attending Equal Health's make shift clinics in remote villages, in community halls or even under the shade of a tree, many people are unable to be treated.

We need your help to do more.

**Can you help with a tax deductible donation?**

### Make a donation

All donations to Equal Health are tax deductible. Your contribution will be invested in essential medical equipment for our life changing appointments.

Please nominate your preference below or simply indicate the amount of your donation for Equal Health to attribute as required.
